ROCK(S) 'N' ROAD(S)

V85TT MOTO GUZZI

V85 TT TRAVEL LIFE IS A JOURNEY

Ready for adventure? The V85 TT Travel is waiting for you. Dedicated to adventurous touring, the V85 TT Travel comes loaded with the equipment you need to undertake a bold new journey. Standard equipment on the V85 TT Travel includes:

- Touring windshield
- Panniers - made from plastic with aluminium inserts & operated with the ignition key
- Heated hand grips
- LED fog lamps
- Moto Guzzi MIA multimedia platform - providing smartphone connection for navigation and call handling
- Michelin Anakee Adventure tyres - so you're ready when the road ends

The V85 TT Travel is available in the exclusive new Sabbia Namib colour and bears a dedicated new set of graphics. The technical characteristics, practicality and easy handling of the V85 TT all remain, making this the motorcycle for unique travel experiences, whether in daily use or more adventurous itineraries.

V85 TT

ROCK(S) 'N' ROAD(S)

V85 TT, the first Classic Enduro, is the perfect combination of enduro functionality and the elegance of classic lines. Dedicated to travelling in its purest form and recalling the epic rally raids of the 1980s, from which it inherits style, charm and emotion, the V85 TT has been designed to take on both every day and long-distance routes, using the most up-to-date equipment.

The new V85 TT is a motorcycle dedicated to all riders who like to point their finger at the map and leave without stopping when the asphalt ends – for those who live for the thrill of overcoming seemingly impossible challenges.

V7 III STONE **TRULY V7. JUST BETTER**

A dark soul. An eclectic and minimalist spirit visible in the depths of matt black paint, single-dial clock, a special seat, shortened front mudguard and light alloy spoked wheels.

In addition to the Nero Ruvido colour, the V7 III Stone is also available in two other captivating satin shades: Grigio Granitico and Rosso Rovente.

V7 III STONE NIGHT PACK NIGHT THRILL

The V7 III Stone Night Pack is a modern interpretation of the authenticity that inspired the V7 III range. It features several original stylistic and functional solutions including an LED headlight, indicators and brake light to ensure high visibility in all riding conditions. The seat also adopts heat welded stitching and an embroidered Moto Guzzi logo while the lowered headlight and instrument cluster, along with the short and sleek rear mudguard, lighten up the unique and unmistakable line of the V7.

Available in the classic Nero Ruvido livery, Bronzo Levigato and Blu. Pungente colour schemes.

V7 III SPECIAL CONTEMPORARY CLASSIC STYLE

The heritage of early V7 provides the inspiration for this elegant motorcycle, which is rich in chrome details and enhanced with a coloured band on its under-seat side panels. It stands out for many distinctive details, such as spoked wheels with polished aluminium rims and black hubs, circular double-quadrant instrument cluster, and the brown seat with “old school” effect quilting complete with chrome-plated passenger grab handle.

Enlivened with polished graphics, the V7 III Special comes in Nero Onice or Grigio Cristallo colour variants.

V7 III ROUGH URBAN COUNTRY

The V7 III Rough has an unmistakable look thanks to its dual-purpose tyres, spoked wheels and perforated aluminium side panels. This is a bike that's at home on backroads, byways and the arteries of the urban sprawl.

Available in Grigio Grafite and Verde Mimetico colour schemes, the V7 III Rough features a purpose-built seat with gorgeous stitching, a passenger grab rail and high-quality aluminium mudguards. To complete the look, the headlight frame is painted black and the fork stanchions are protected by classic rubber dust covers.

V9 BOBBER IRRESISTIBLY UNIQUE

Moto Guzzi reinterprets the straightforward and aggressive style of the legendary bobber.

Chrome elements make way for matt colours and a chessboard tank graphic while the first-class metal mudguards and imposing tyres emphasise the bike's true grit. Shaft drive and an 853cc transverse V-twin engine housed in a steel frame epitomise the essence of Moto Guzzi conveyed in true bobber style.

The V9 Bobber: authentic, direct, irresistible. A tribute to the spirit of every true rider.

V9 BOBBER SPORT LONE RIDER

With a spirit and gritty character inherited from the bobber legend and '50s era races, the V9 Bobber Sport has a low and sporty ride thanks to its lowered single-seat and low drag handlebars. The street-legal slip-on exhaust enhances the sound of the 853cc V-twin, while fully-adjustable Öhlins shock absorbers ensure maximum control.

The total matt black look is uninterrupted by the brand-new orange colour of the tank, with the eagle in burnished finish that spreads out over the aluminium side panels. Oversized tyres and a front end with lowered headlight and shortened mudguard complete the charismatic spirit of this special from Mandello.

CALIFORNIA TOURING EXPANDING JOURNEY BORDERS

The Grand Touring spirit of this bike is revealed in its unmistakable design that is highlighted by two-tone graphics and sophisticated colour schemes. Total comfort is ensured through the introduction of special equipment that confirms this bike's vocation for travel: standard deflectors, a chrome rear handle and a backrest for the passenger.

MGX-21 SEDUCING THE NIGHT

Black, brooding and elegant, a synthesis of Italian taste and American style, MGX-21 breaks every mould.

Moto Guzzi's "Flying fortress" is designed for those who don't turn away from the most extreme contrasts and who thrive on blending adventure, fun, futuristic solutions and refined finishes.

The MGX-21 will push you beyond the city boundaries towards any horizon.
