**PIAGGIO®**

# BE ORIGINAL

It has forged new paths, revolutionizing the world of urban mobility. **It has rewritten the meaning of the word "scooter"**, offering higher levels of safety, multiplying human connections and making technology a central part of the daily life of our clients. Now, it's time to take another step forward. **The new Piaggio MP3** is ready to start a new chapter in the journey with its unique mix of design, technology and engineering power.

**To continue to be first. Once again.**

# THE ONE AND ONLY

## PIAGGIO MP3. THE ORIGINAL.

The first three-wheeled scooter in the world, now with three new and improved and more technologically advanced and high-performing models. The new range of 400 cc and 530 cc Euro 5 engines has been fully redesigned with exclusive accessories. It's time to climb onto the saddle of this one-of-a-kind legend in urban mobility. Also find out about the MP3 300 hpe and MP3 300 hpe sport models.

PIAGGIO®

# FIRST OF ALL

Stability in all conditions. Maximum safety. Exceptional comfort and maneuverability, even in city traffic. This is Piaggio MP3. The first three-wheeled scooter returns with new features to discover. Elegant, high-tech and high-performing. Driving in the city will never be the same.

# CUTTING-EDGE TECHNOLOGY

It's called **BLIS (Blind Spot Information System)** and it's the latest milestone in the **Piaggio Group's** constant research. The **new Piaggio MP3 530** has achieved new standards of safety for its high degree of reliability in its category. Its technologically advanced radar constantly monitors the rear end of the vehicle, alerting the driver if there are vehicles in the blind spots.

But that's not all. The **new MP3 530** has numerous new technological features. A rear camera for reverse driving and parking, a fully improved connectivity system for your phone (also on MP3 400 S) that gives you a more sophisticated and easy view of the GPS. It makes your every move smarter and more comfortable.
